

Accept donations

1. Open Pages

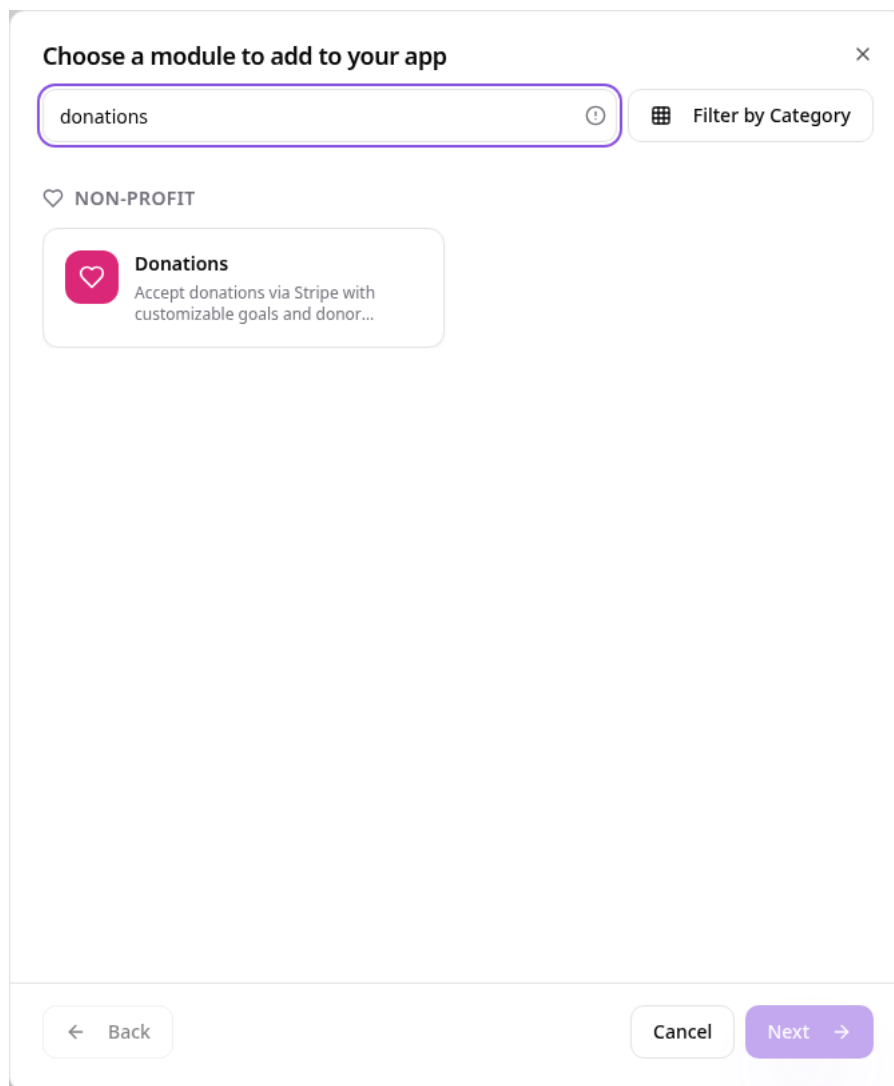

In your app editor, open Pages and tap Add Page or Function.

Accept donations

2. Choose Donations

Search “donations” and tap Donations.

Accept donations

3. Set up your campaign

The Donation Setup tab opens with your campaign details, goal and donation options.

 **Configure Donations**
Set up donation goals and payment configuration

Set up the basic configuration for this function

 **Not connected**
Preview available; payments unavailable. Connect Stripe in Payments.

Manage payments

♥ **Donation Setup**

☰ Payments Not connected

♥ **Starting point: Choose a preset**

Change ^

Starting content only — all fields remain editable. Choosing another preset replaces campaign details, goal, amounts and donation options; currency and payments stay unchanged.

 **Church / Faith**
Tithes, offerings & ministry support

 **Charity / Nonprofit**
General fundraising for a cause

 **School / PTA**
Classroom, events & equipment

 **Community Project**
Local initiatives & improvements

 **Memorial Fund**
Donations in loving memory

 **Medical Fund**
Treatment, care & recovery

 **Animal Shelter**
Rescue, food & vet care

 **Sports Team / Club**
Kit, travel & competitions

 **Arts & Theatre**
Productions, venues & artists

 **Disaster Relief**
Urgent emergency appeal

 **Custom**
Start from scratch

Payments Not connected

Stripe connection Mode unknown
Not connected
Preview available; payments unavailable. Connect Stripe in Payments.
Stripe Secret Key
sk_test_... or sk_live_...
Copy from Stripe Dashboard → Developers → API keys. sk_test_ is for testing; sk_live_ is for real payments.
Stripe Publishable Key
pk_test_... or pk_live_...
Use pk_test_ with sk_test_, or pk_live_ with sk_live_. Both keys must use the same mode.
Find your API keys in your [Stripe Dashboard](#)
Connect Stripe
Refresh saved status

Payment setup

- Add matching Stripe API keys**
Use both test keys for testing, or both live keys for real donations.
- Confirm your Stripe account**
Open Stripe Dashboard to check account activation and payment availability. Saved keys alone do not verify readiness.
- Switch when you are ready**
Replace test keys with matching live keys when your Stripe account is ready.
